

AI-ASSISTED DEVELOPMENT NEEDS BETTER SYSTEMS.

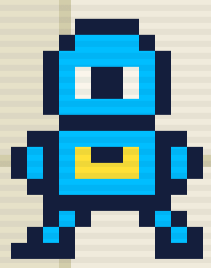

I tested ProdReady by Innovate on my own project

METAXIS

THROUGH MCP.
WITHOUT
REPLACING MY
ENVIRONMENT.

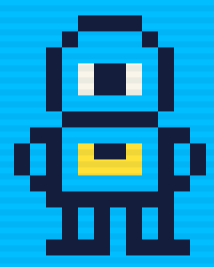

What it added

- Structured due diligence
- Development planning
- SDLC practices

It connected to my existing coding agent through MCP.

BEFORE

Due diligence score for FDS: 2.9 out of 5.

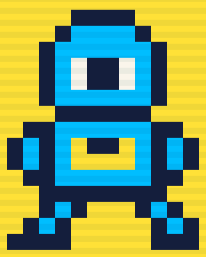

AFTER

Three assessment rounds, in a few days: 3.4 out of 5.

---

27 development stories became five sprints implemented in code.

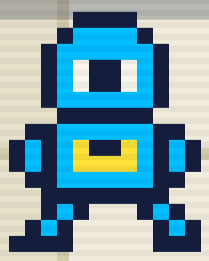

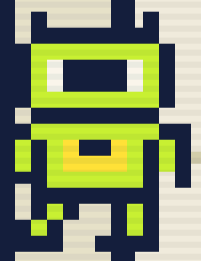

Covered in the sprints

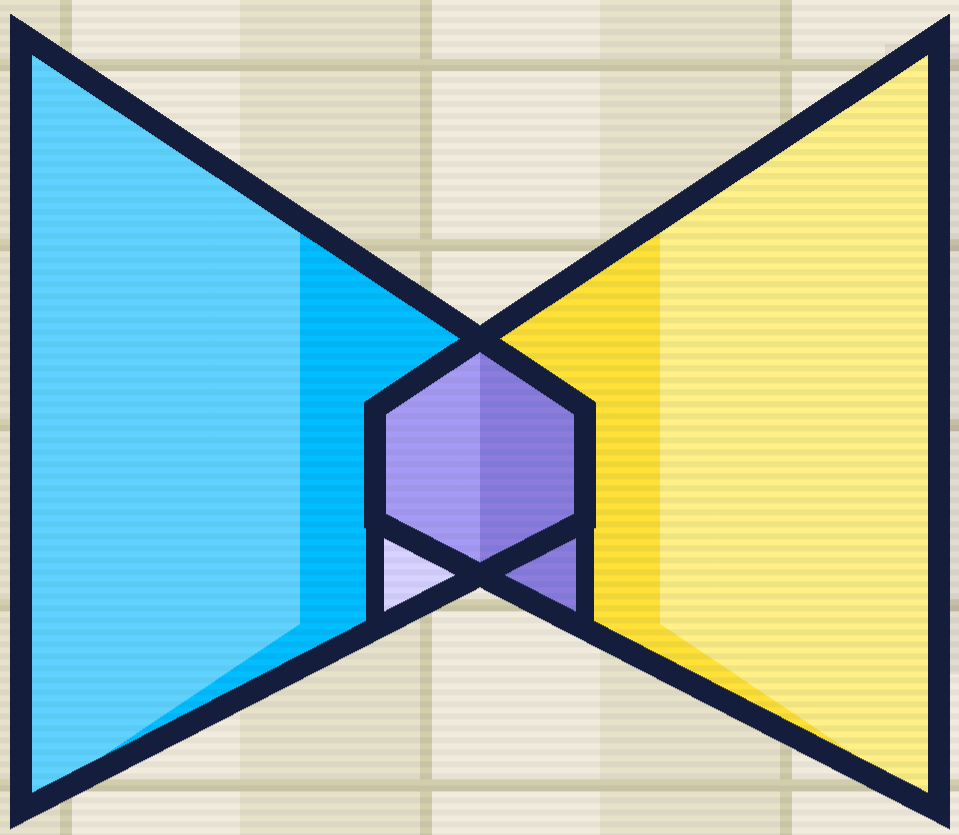

- [ ] CI pipelines
- [ ] Automated testing
- [ ] Audit trails
- [ ] Monitoring foundations

Also deployment safeguards and authentication protections.

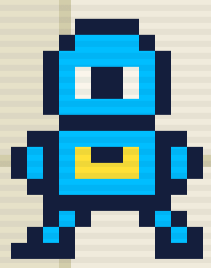

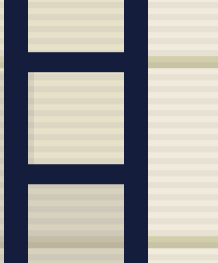

THE BETWEEN FLOOR 6/7 TIME 59:25

GOALS MET. I STOPPED.

THIS IS NOT PRODUCTION CERTIFICATION.

METAXIS

CAPABLE MODELS. IT NEEDS BETTER SYSTEMS.
